

ADOPTING FAIR, EFFICIENT AND WORKABLE RULES FOR THE 1670-1675 MHz BAND
Reallocation NPRM, WT Docket No. 02-08
April 3, 2002

Today's Topics

- A Nationwide License Provides the Most Value for the 1670-75 MHz Band and Will Most Likely Lead to the Creation of Valuable Commercial Services.
- There Is No Record Support for Band Manager Eligibility in the 1670-75 MHz Band.
- “Public Safety” Bidding Credits Should Be Rejected.
- Clear Technical Rules, Determined Well In Advance of the Auction, Will Ensure Protection for Critical Government Services While Maximizing the Commercial Utility of the Band.
